Ash is a contemporary Italian-inspired restaurant from Proper House Group, the team behind the award-winning Rooster & the Till.

Our menu evolves often, guided by seasonality, technique, and curiosity. Expect house-extruded pastas, thoughtfully composed dishes, and globally influenced small plates—each crafted with intention and precision. We believe the best way to enjoy our menu is through sharing, creating an experience that feels both elevated and approachable. Every detail, from the pacing of courses to the final garnish, is carefully considered.

Our elegant and intimate space can be arranged to accommodate a variety of semi-private dining experiences, each designed to make your event feel special. From intimate celebrations to milestone gatherings, Ash offers warm hospitality and thoughtful touches tailored to your occasion.
